

About the Vaccine Recovery Programme

Includes Pre-Vaccine and Real Time Vaccine Prep and Vaccine Recovery

The Vaccine Recovery Programme is one of the unique and cutting-edge CREATION PROGRAMME series created by Anna Filliol. All programmes in this series use Cosmic technology from the Golden Fields of Creation and are an energy based service. They are easy to use, potent and empowering. Beneath their simplicity is dynamic precision and vast Cosmic Energy which you can now access as wellbeing tools at the ready.

When you receive your Vaccine Recovery Programme by email you will see there is a short simple process i.e. speaking, visualising, breathing and counting, which enables you to energetically activate, download and access the programme. Your Divine Intelligence knows exactly what to do with the programme and how to deliver it to all levels of your Being in alignment with your free will. This is super cool!

Please note that the simple process you do is like a “click now key” that calls the programme to you every time you do it. Remember we are using cutting edge cosmic energy technology here. Anna has chosen a Light visualisation as the click now key which is a beneficial training for you in and of itself, however it could just as easily be clap your hands three times. So to clarify, the Vaccine Recovery Programme arrives to you when you do the process, it is not contained within the process.

There are many levels of Divine Cosmic Energy Support layered into your Vaccine Recovery Programme including energetic: clearing, detox, elevation, healing, reignition, revitalising, harmonising, activation of beneficial effects, neutralisation of adverse effects, Light infusion, assimilation and more. Its main focus however is to help you bolster up, regain and then increase your Light frequencies throughout the vaccination stages i.e. pre, during and post vaccination. Why? Because the nature of the Vaccine (and incidentally the virus) will cause your Light levels to go down, in some cases significantly, therefore the more Light you embody throughout your pre, real time and post vaccination experience, the better off your whole Being will be.

Immediately upon receiving your vaccination, your Light quotient will begin to drop, and this is why your dedicated Pre-Vaccine prep is so important. On the day of your vaccine, if you have been doing your Pre-Vaccine Prep, you will be holding a lot of Light, i.e. more than usual. This could make you feel a bit strange or light headed especially when coupled up with understandable pre vax nerves.

During your actual vaccination and straight afterwards you may start to feel disoriented due to the energetic shock, plus adrenaline rush in most people, and your Light levels will start falling. **You will be able to slow this down significantly** by using the Real Time protocol from your Programme. As soon as you get home, you will start your Vaccination Recovery part of the programme. From this point you will be recovering, rebuilding and increasing your Light and much more, via the programme.

Interesting note: so far in all Anna's clients diligently using the Vaccine Recovery Programme, there has been a notable increase in their Light quotients and overall wellbeing evolution, far beyond where they were pre vaccine. This includes those who came to the programme some time after their vaccinations.

Each Vaccine Recovery Programme purchased is for one person access and cannot be shared with anyone else as it will not be energetically available to another. Upon receipt of full payment, you will receive a pdf with the full Vaccine Recovery Programme process and protocol, along with an audio link taking you through the process. Your Vaccine Recovery programme is energetically available for 6 months from the day you received your Vaccine Recovery Programme via email. **Cost is \$333**

All other systems including Urinary, Respiratory, Digestive, Body Chemistry, Endocrine, Lymphatic, Hormones and Reproductive are very important too but the top four as mentioned seem to be hit the hardest initially.
